January 2017

Dear Village Residents,

This calendar details the schedule for our major sanitation services (Household Refuse Collection, Recycling, Special Pick-Up, Grass/Leaf/Branch Collection and Street Sweeping). Please read the inside cover and back two pages to find what areas you live in. Then make a note as to whether you are in the areas for red or blue household refuse collection, and which recycling (R1, R2, R3, etc.) and street sweeping (S1, S2, etc.) and special pick-up days are yours. By determining your specific location on our services maps, you will know exactly which day each of these services is performed.

Where a holiday falls within the work week, any change in schedule is set forth by simply following your color and code as displayed on each page. There is also a list of regulations concerning the weight of the refuse and the type of refuse which is acceptable. The kind of refuse the Village collects, and how we collect it, is regulated by the Town of Babylon. Following these simple rules will enable our Sanitation Department to do their job more efficiently and safely.

If you have any questions, please feel free to contact the Village Hall (957-7500) or our Sanitation Department (957-7520). (7:00 am – 3:30 pm)

Thank you for your anticipated cooperation which will maximize our services to you and keep or Village cleaner.

Very truly yours,

Thomas A. Brennan, Mayor

DID YOU KNOW?

If we don't recycle,
this is how long our trash
can stay in the environment!

PAPER.....	2-5 MONTHS
PLASTIC BOTTLES.....	450-1000 YEARS
PLASTIC BAGS.....	10-20 YEARS
ALUMINUM CANS.....	80-100 YEARS
PLASTIC 6-PACK HOLDER.....	450 YEARS
GLASS BOTTLES.....	1 MILLION YEARS
STYRFOAM.....	NEVER (IMMORTAL)

Caring for our environment and conserving natural resources is important to all of us. Simple things like not littering and recycling bottles, cans and paper helps to keep our community clean and litter-free. Using canvas grocery bags reduces the amount of plastics in our waste stream. Not disposing of oil in our drainage basins helps to protect our drinking water and local public waterways. What we do locally helps all of us globally. Together we can make a difference.

Remember to Recycle!
